

The client pays the following expense-related prices for the agreed services:

## 1. Services

---

Item description	Quantity	Quantity unit	Unit price
Introductory workshop	1	One	800.00 €
Training session for users / administrators	1	Hour	98.00 €
Administration support for technology / software	1	Hour	98.00 €

## 2. Software (monthly)

---

**Users needed:**

Item description	Quantity	Quantity unit	Unit price
<b>dPhoenixSuite 3.0</b> incl. 1 GB / user storage package	1	User	20.00 €

**Expand storage package to: \***

Item description	Quantity	Quantity unit	Unit price
3 GB / user	1	Package	2.50 €

\* Only the listed storage package can be booked, no intermediate sizes available.

The invoice for the ordered user licenses and the booked storage package is based on the highest number of users and the largest storage package booked for the running month.

Invoices are based on the services rendered.

Invoices are issued retrospectively every calendar month.

## 3. One-time setup

---

Item description	Quantity	Quantity unit	Unit price
<b>dPhoenixSuite 3.0 – setup</b>	1	One	980.00 €

The one-off fixed price will be invoiced after the service has been rendered.

All mentioned prices are net prices. For further orders, please refer to the latest price sheet available at <https://www.dataport.de/digital-sovereign-dphoenixsuite>.
